

Aon Cyber Enterprise Solution™ Policy

Providing integrated, single-form coverage for broad aspects of operations.

Aon Cyber Enterprise Solution is a first-of-its-kind property/casualty and Internet of Things insurance policy that offers comprehensive and integrated enterprise-wide coverage against cyber risk.

As the world's leading provider of risk advice and insurance solutions, Aon has built an insurance product that is intended to protect organizations against catastrophic cyber risk. The current cyber insurance market addresses elements of network business interruption, cyber expense reimbursement and security/privacy liability. Aon Cyber Enterprise Solution broadens the scope of coverage to address emerging areas of cyber risk and regulation with a large retention, large limit approach.

Coverage Highlights*

- Comprehensive limit approach – up to USD 400 million in capacity per policy
- Aon proprietary language – single policy form
- Property damage arising out of a network security breach
- Products liability coverage to address Internet of Things exposures
- Business interruption and extra expense coverage arising out of a systems failure
- Contingent network business interruption for IT vendors and the supply chain
- Cyber terrorism coverage
- European Union General Data Protection Regulation (effective May 25, 2018) fines and penalties, where insurable
- Privacy/security liability and event expense coverage
- Media liability and technology errors and omissions by endorsement
- Potential captive utility
- Business interruption proof of loss calculation is included
- Coverage is primary over any valid and collectable insurance
