Members on GRID options should note:

NETWORK HOSPITALS ONLY!
or a co-payment of **R11 000** will apply

An overview of our Maxima option range 2018

2018

REFERENCE GUIDE

The FOUNDATION benefit unpacked

Our option-dependent Foundation benefit features a host of rich benefits like important health screenings and maternity benefits.

Screening benefit

At Fedhealth we firmly believe that prevention is better than cure. That's why we pay for women's-, children's-, cardiac-, over 50s-, and general health risk assessments and screenings from Risk. *Depending on option*

Birth & Baby benefit

Fedhealth Baby programme - Free baby goodies, support and advice for all parents-to-be. Pregnant members or dependants receive a beautiful Fedhealth baby bag filled with baby product samples, discount vouchers and a baby handbook. They also have access to professional advice any time they need it.

Post-natal midwifery benefit - We pay for four consultations in and out-of-hospital per pregnancy at 100% of the Fedhealth Rate.

Doula for labour support during natural childbirth - We allow R1 270 for a doula per delivery.

Newborn hearing screening

We cover a hearing test, from Risk, for every newborn baby up to the age of 8 weeks.

Extended Care Benefit

Unlimited Network Family Practitioner (FP) visits - Members can see their FP as often as they need on most options, by either visiting any network family practitioner or a **nominated** network family practitioner (depending on the option).

24-hour Fedhealth Nurse Line - Our professional nurses are always on hand to provide advice on issues like medical emergencies, symptoms, medication side-effects, stress management and teenage support.

Trauma counselling - We offer all our members free trauma management assistance, support and care when they need it most. Members can speak to a registered psychologist or trauma counsellor 24/7.

Emergency transport / response - Through our partner Europ Assistance, we provide all members with emergency transport.

Post-hospitalisation treatment for up to 30 days after discharge from hospital (like physiotherapy, x-rays or pathology) - i.e. follow-up treatment for a full 30-day period paid directly from Risk, to preserve the Day-to-day benefit. *Pre-authorization must be obtained*

7 days of paid for take-home medication after discharge from hospital - provided the medication is dispensed by the hospital and reflects on the original hospital account.

Specialised radiology like MRI/ CT scans is paid from Risk whether it is performed in- or out-of-hospital. A co-payment may apply on scans, depending on option. *This benefit does not apply to Blue Door Plus*

Trauma treatment at a casualty ward - whether admitted to hospital or not, emergency treatment, like stitches, is always paid from Risk and never from Savings. Co-payment applies depending on option. *Authorisation must be obtained*

Cover for female contraception - including oral, patches, contraceptive rings, certain injectables as well as IUDs that include the Mirena® device, on all comprehensive and saver options. On Maxima Core, Maxima EntryZone, and Blue Door Plus, we cover oral and injectable contraceptives only subject to an approved list. **Must be prescribed by an FP or gynaecologist and not applicable to oral contraceptives prescribed for acne*

In-hospital dentistry for children under 7 - We cover the hospital and anaesthetist costs from the Major Medical benefit while the dentist account comes from Day-to-day benefits. *This benefit does not apply to Maxima EntrySaver, Maxima Dynamic Saver, Maxima EntryZone and Blue Door Plus*

Comprehensive managed care programmes - We offer the following programmes for our members with specific healthcare needs:

- **Aid for AIDS (AfA)** for those living with HIV/AIDS,
- **Oncology Disease Management** supports cancer sufferers with comprehensive care including cover for chemotherapy, radiotherapy, approved medication, related consultations, pathology and general radiology.
- **Mental Health Programme** provides qualifying members who have mental health or substance-abuse issues with access to the best quality primary mental healthcare.
- **Conservative Back & Neck Rehabilitation Programme** helps qualifying members address their back and neck issues to avoid spinal surgery. Over six weeks, members benefit from a multidisciplinary approach including an FP, physio and biokineticist to assess and treat their condition.
- **Smoking Cessation Programme** - all members, on all options, can sign up for the GoSmokeFree service at 200 pharmacies countrywide to help them kick the habit for good. This programme will be paid for from Risk.
- **Weight Management Programme** - is a new 12-week programme designed for qualifying Fedhealth members with a high BMI and waist circumference. Led by a biokineticist, members have access to a dietician and behavioural psychologist with the goal to lose the excess weight and lead healthier, more rewarding lives.

Offering even more of a helping hand

Child rates for financially dependent children up to the age of 27 - Student dependants pay rates applicable to children, provided they're unmarried and not earning more than the maximum social pension.

Upgrades within 30 days of a life-changing event, such as pregnancy or the diagnosis of a dread disease. New contributions will apply.

Good news for bigger families.

We only charge for three child dependants - the fourth and subsequent children are covered for free!

Saving for a rainy day. Fedhealth members can make additional, voluntary contributions to their Medical Savings Accounts (MSAs). This means that they can top up their Savings throughout the year, which might just come in really handy for those unexpected medical expenses. Normal Savings Account rules will apply to these funds; they will not be treated any differently to normal MSA funds.

Contributions

Rand amounts paid monthly to the Scheme for cover received as well as annual benefit values
